# Statement of Values

## INTRODUCTION

As an association of individual professionals The Guild of Australian Hypnotherapists (GoAH), upholds an expectation that its leaders and its members, as a reflection of the whole, will commit to the harmony of these values with our behaviours, recognising that these are not situational, but a hallmark and foundation on which the Guild and its work is known and secured.

### Professionalism

We are committed to upholding standards of professional practice, and development through continuing education and learning.

We are committed to the continual improvement of training and education in hypnotherapy and psychotherapy to raise community and collegiate awareness.

### Accountability

We are committed to taking responsibility for our decisions, actions and behaviours.

### Integrity

We are committed to shared governance and being transparent in our actions and decision making.

We are committed to working in harmony with other such associations and supporting any professional peak body recognised by the majority of our profession

### Respect

We are committed to being inclusive, courteous and culturally safe.
